

Speak Up Sonoma County

...give youth a voice and the
freedom to hear

Community Advocacy

- Invite us to your group/club to share about our organization.
- Host a reception in your home for friends and neighbors to learn about Free to Be.
- Ask your church leadership to put information in their bulletin or allow you or Free to Be to speak to the congregation.
- Collect signatures on a petition in support of Free to Be. Make two copies; send the original to the Free to Be office, deliver one copy to your local superintendent or principal, or present it at a school board meeting during the public speaking time, and keep the remaining copy for your record.
